Systems Pest Management Pty Ltd Environmental Sustainability Policy

Vision

Systems Pest Management will continue to provide the least hazardous and most effective pest management in a manner that poses the least impact on our fragile environment, utilising all aspects of Integrated Pest Management.

Our aim is to continue to provide genuine socially and environmentally responsible pest control.

Principles

Our approach to business is guided by commitments to principles including:

- Leadership,
- Inclusivity,
- Transparency,
- Integrity,
- Stewardship and
- Continuous improvement.

Important Issues

Our business faces many challenges and opportunities. Due to their direct impact on us and our clients we have prioritized the following issues that need to be addressed:

- Human health and environmental safety,
- Climate change,
- Water conservation.

Our Ability and Duty to Act

- We believe in using the Earth's resources wisely in all that we do.
- We also believe we have the power to make a positive impact on the diverse people we encounter.
- Our attention to environmental, social and economic responsibility includes working within the law and voluntarily exceeding legal requirements in order to be innovative and demonstrate leadership on the issues that are important to us and our clients.
